

# Carpet Court Euroline Collection

## Customer Guarantee

Carpet Court Euroline luxury vinyl tiles have been developed to meet the highest technical specifications. Ideal for all areas of the home, the collection ensures high performance and optimum style.

Compared with many natural flooring options, Carpet Court Euroline will under normal conditions resist household stains, will not crack, chip or splinter. By following our simple maintenance instructions, your floor will look great for years to come.

From a collection of 16 colour and style options as well as the additional accessories, we are confident you will own a floor design to be proud of.

The manufacturers of the Carpet Court Euroline Collection are confident that their high quality products will provide many years of valuable service. All products purchased from the range are guaranteed for 10 years against normal wear and tear in the recommended environment, provided that they have been fitted correctly and maintained in accordance with the manufacturer's instructions. In order to make a claim, customers must apply in writing indicating where their flooring was purchased and provide satisfactory proof of purchase. This guarantee only applies in the event of visible wearing out of the decorative pattern on the surface within 10 years of purchase, providing the flooring has been subject to normal usage in the recommended environment. It does not cover general misuse or fading.

The dragging of furniture across any hard flooring may cause scratching to the surface. To prevent this, Carpet Court recommends that all furniture be fitted with felt pads under the feet of any furniture that is constantly being moved.

Wood plank and the tile patterns may contain variations in marking and shading as part of their design. By following a policy of continuous development, we reserve the right to add or delete patterns and improve technical specification without prior notice. Reproduction in printing and photography are for guidance only, they give a general indication of colour and are not necessarily representative of the overall effect or design. For colour selection, an original sample is recommended.
