

# OUTDOOR COLLECTIONS

The Outdoor collection combines high quality polypropylene yarn in natural shades of cool cream, warm grain, dark grey and deep black, into durable, innovative flat woven area rugs that withstand all weather conditions.

The black weft adds character to every design; from a modern minimalistic all over pattern to a tribal inspired drawing, these Outdoor rugs will certainly add a touch of ethnic cosiness to every in-and outdoor living area.

Thanks to the UV-stabilised, non-shedding and hard wearing, stain resistant polypropylene yarn, the Outdoor rugs are very easy to maintain; just hose off and hang to dry!

## Technical information:

- Machine woven in Belgium
- **Pile:** 100% polypropylene
- **Total weight/m2:** 1.45kg (can vary slightly per design)
- **Pile weight/m2:** 1.10kg (can vary slightly due to used pile effects)
